ANNUAL REPORT  
**2025**

LFD RESPONDED TO  
**6,689**  
INCIDENTS IN 2025

# MESSAGE FROM THE FIRE CHIEF

Since our founding in 1896, the Lincoln Fire Department has served this community with pride and dedication. Every day our team carries forward that long history while staying focused on the future of our growing and changing city. I am confident that Lincoln Fire is well prepared and highly motivated to meet the needs of the people we serve.

We value the traditions that define a great fire department and match them with passion, energy, and a commitment to continuous improvement. At the heart of our organization is a drive to provide effective and compassionate public safety service. This annual report highlights the work we do each day to protect Lincoln.

Inside you will find more than emergency response data. You will see our performance in Fire, EMS, Assets Saved, Community Risk Reduction, Public Engagement, and Training. You will also see the accomplishments of our personnel and the progress of major projects that continue to strengthen the safety of our city.

As I reflect on my first year as your fire chief, I am grateful for the professionalism of our firefighters and the strong support we receive from our residents and the City. Lincoln Fire is held in high regard by this community, and that trust comes from more than a century of partnership between our department and the people we serve.

Our commitment is to continue building on this legacy. Lincoln remains one of the safest and best-prepared in the region. We are investing in the right systems, training, and innovation to ensure this level

  
Anthony Mejia,

Lincoln Fire Chief

# MISSION STATEMENT

## MISSION

**The members of the Lincoln Fire Department serve the community and the citizens of Lincoln by protecting life, property, and the environment while being courteous, respectful, and safe in the performance of their duties.**

# VISION STATEMENT

VISION

**Our vision is to support and develop our firefighters, preserve the traditions that define our service, and strive for continual growth and excellence as we fulfill our mission of protecting Lincoln.**

# VALUES

# LFD VALUES

## HONOR

**We honor the Fire Service by reflecting the high standards set by those who provide excellent service and the Fire Fighters that have gone before us.**

## COURAGE

**We exhibit the mental and moral courage to do what is right even when faced with temptation or under adverse conditions.**

## DEVOTION TO DUTY

**By embracing our mission and core values we dedicate our service to those we are sworn to protect.**

## DEPARTMENT OVERVIEW

Lincoln Fire Department has been protecting the community since 1896, beginning as Lincoln Hose Company #1, a volunteer organization built on hometown service. As Lincoln grew, the department transitioned from an all-volunteer model to a modern, fully staffed fire agency.

Today, Lincoln Fire operates three fire stations with full-time personnel and a Battalion Chief overseeing daily operations. The department continues to expand its capabilities, investing in training, personnel, and equipment to meet the needs of one of the region's fastest-growing cities.

Guided by the Fire Chief and supported by the Fire Marshal, Lincoln Fire provides all-risk emergency response, fire prevention, development review, and community risk reduction services. The department remains committed to continuous improvement and professional excellence.

Lincoln Fire is also a strong community partner. From the annual Santa Tour to long-standing events like the Turkey Drive, the department continues traditions that strengthen the bond between firefighters and the residents they serve.
